This screenshot shows a complex grid-based interface for course selection. The grid consists of multiple rows and columns. Each cell in the grid contains a small icon or text, and is surrounded by various colored buttons (yellow, green, red, blue) that likely represent different actions such as 'select', 'cancel', or 'confirm'. The interface is densely packed with these elements, suggesting a large number of available courses or options.

This screenshot shows a web browser window displaying a course selection page. The browser's address bar shows the URL: [42.49.134.163:20016/yxsxsbj/xsxxk/xsxxk\\_infaex/fx050\\_zzbid=16Ae86C7B7C1428F00142817851475000](http://42.49.134.163:20016/yxsxsbj/xsxxk/xsxxk_infaex/fx050_zzbid=16Ae86C7B7C1428F00142817851475000). The page content includes a list of courses with columns for course ID, name, credits, and status. Below the list is a table with columns for '课程号' (Course ID), '课程名' (Course Name), '学分' (Credits), '课程属性' (Course Attribute), '上课时间' (Class Time), '上课地点' (Class Location), '选课人数' (Number of Students Selected), '是否满额' (Is Full), and '操作' (Action). The '操作' column contains a '选课' (Select) button for each course. The page also features a search bar and a '选课' button at the top right.
